

The following numbers are real time from reports received from the Massachusetts Virtual Epidemiologic Network (MAVEN) and tracked in the Board of Health office.

Active cases:	23
Cases attributed to BNH (Alliance Health)	1
Cases attributed to Templeton residents	22

.....

Previous cases:

Recovered	195
Total deaths including (BNH)	17

.....

Templeton has twenty-three active cases as of 12/9/2020; according to the state, Templeton is in a state of yellow, there is lag time with reporting due to the volume of testing and positive cases, currently the state is reporting that Templeton has 29 cases.

MA has opted to adopt the CDC guidance on isolation and quarantine changes, I have attached that guidance with this report.

As I'm sure you have heard or seen, the state has rolled backed to Phase 3, Step 1 to try and ease the surge; please go to <https://www.mass.gov/doc/covid-19-order-58/download> or <https://www.mass.gov/info-details/covid-19-updates-and-information#reopening-massachusetts> for more information or Re-opening MA.

For more information on town specific status, please go to <https://www.mass.gov/info-details/community-level-covid-19-data-reporting> and click on Templeton.

If you wish to be tested for COVID-19, please go to <https://www.mass.gov/doc/ma-covid-19-testing-sites/download>.
