• •

Templeton has **one** active case as of 6/7/2021.

How do you know if you are a close contact of someone with COVID-19?
- *You are a close contact of a COVID-19 positive person if you were within 6' of them while indoors for at least 15 minutes while they were symptomatic, or within the 48 hours before symptom onset.*
- *You are also a close contact if you were within 6' for at least 15 minutes of someone while indoors, who tested positive for COVID-19 in the 48 hours before their test was taken, or anytime in the 10 days after the test.*
- *According to the CDC guidance, individuals are less likely to be exposed to COVID-19 during outdoor activities, even without the use of face coverings.*

Welcome back to town hall; in order to protect the public, and the public protect us, we will be following the CDC guidelines per the recommendation of the Governor. The CDC has recommendations for both vaccinated and unvaccinated individuals, for more information on both please go to When You've Been Fully Vaccinated | CDC **and** COVID-19: Considerations for Wearing Masks | CDC

Every person 12 years and older are now eligible to receive a vaccine! For more information, please go to Massachusetts' COVID-19 vaccination phases | Mass.gov.

To schedule a vaccination with Heywood Hospital, go to Https://www.heywood.org/covid-19/covid19-vaccine or call 978-958-9057. Heywood is currently accepting walk-in appointments at their clinics, for convenience they are still encouraging making an appointment online.

For more information from the CDC, please go to Interim Public Health Recommendations for Fully Vaccinated People | CDC
