## **1<sup>st</sup> Quarter Report**

The 1<sup>st</sup> Quarter for the police department was a very busy and eventful time.

The Station Project – we finally moved into the new building at the end of August. Once again, our staff really stepped up and made the move happen. I would also like to give a special “thanks” to the Highway Department and School District for their assistance with our move. We had our open house on October 5<sup>th</sup>, for the general public and plan on having a formal grand opening with ribbon cutting sometime in the spring after all work is completed.

We are still experiencing mechanical issues with our cruiser fleet and A9 is currently out of commission and may not return to service.

A major concern for many residents in Templeton Center was the opening of the new elementary school and anticipated traffic issues with student drop-off and pick-up. Well, I can say that all has gone better than expected. There are a few minor issues with driveways being blocked and from time to time slight delays, but in all the plan that was devised has worked beyond expectations.
