NOTICE TO RESIDENTS

ORCHARD LANE CONSTRUCTION

Construction on Orchard Lane is scheduled to begin on June 22, 2020. The work includes the replacement of the water main and service lines to individual properties (to the edge of the public way, not all the way into the house), reconstruction of the street, and storm drainage improvements. During the week of June 15, the contractor may begin to start mobilizing for construction by bringing in equipment and supplies, and installing temporary silt fencing.

Residents should be advised that vehicle access to the street may be limited at times during the day. Normally, construction will occur between 7 AM - 4 PM, Monday through Friday. The contractor and on-site inspectors will work with residents to ensure that all disruptions are minimized during this time. While there may be restrictions for vehicles during the day, full access will be restored by late afternoon/early evening throughout this period.

Construction is expected to be completed by Labor Day and, possibly, well before then.

Emergency access will be maintained at all times.

If you have any questions or concerns, please call one of the following departments:

General Contractor: Gil Gomes, GEG Construction
Mobile: 413-896-7208

Water Service Questions: Templeton Municipal Light and Water
