DPW – HIGHWAY DEPARTMENT – BUILDINGS AND GROUNDS DEPARTMENT
QTR 2 FY 2021 REPORT

Highway Department: We have seen some staff come and go but are now happy to be up to a full crew. Crews received training from Milton CAT for a new backhoe and pavement roller. Storms required several cleanups from our crews with downed trees, cleaning catch basins, plowing, salting, sanding, and clearing of sidewalks as well as assisting other departments with their storm clean ups also. Hot top, potholes, rebuilt several catch basins. Second and Third round Red letters went out for private roads. Updated status on the new 6-wheel plow, sander, dump truck will hopefully be ready by the end of February.

Building and Grounds: We were very pleased to receive a new zero turn mower. Aeration was done at Gilman Waite Field. Removed all trash and put away barrels for the winter at Gilman Field. Built leaf box. Completed fall clean up at town buildings, Gilman Waite Field Pinegrove Cemetery and Green Lawn Cemetery. Shut water off and winterize at Pinegrove and Green Lawn Cemeteries. Storms required several cleanups from our crews with downed trees, plowing, salting, and sanding as well. Poured foundations for stones. Completed several burials. Assisted several patrons with cemetery plot purchases, and assisted others with locating graves and helping understand the cemetery rules.
