

# TEMPLETON TITLE V MONEY IS NOW AVAILABLE

**If your Septic System is failing or  
Town Sewer lines run in front of your home and you  
would like to tie in to town sewer**

Stop by the Board of Health office and pick up an  
informational package and an application@ 2 School St.  
Baldwinville or call 939-2377

- A low interest loan of 5% payable over a twenty years
- Repayment will be secured by placing a betterment  
assessment on your property

Protection of wells and other water resources is vital as  
they provide essential present and future sources of  
drinking water and are critical components of our  
wetlands. However the Templeton Board of Health  
recognizes the financial strain complying with Title V  
requirements can have on a homeowner. That is why the  
Board pursued the loan from the state and established a  
low-interest loan fund.
