I. INTRODUCTION: SALE OF BALDWINVILLE ELEMENTARY SCHOOL

The Board of Selectmen, acting on behalf of the Town of Templeton hereinafter, "Town" through the Baldwinville Elementary School Disposition Advisory Committee, is seeking proposals from qualified development entities for sale and redevelopment of the Baldwinville Elementary School Building at 16 School Street in Templeton which consists of three sub parcels of land of approximately .9 acres. The building has an area of approximately 23,527 square feet on three levels. The Town intends to work closely with the chosen developer in an attempt to preserve the historic qualities of the building as well as satisfy the economic and social needs of Templeton's residents.

Built in 1923, Baldwinville Elementary School was constructed for the purpose of educating the inhabitants of Templeton; the building has been used exclusively as a school since that time.

Goals and Public Purpose

The goal of the Town in issuing this RFP is to determine the proposed use or redevelopment that will be in the best interest of the Town. This will not necessarily be the proposal that includes the highest proposed purchase price. The Town desires to see the property used in a way that meets the following goals:

- Economic Climate:** The redevelopment should enhance the overall economic climate in Templeton.
- Elimination of Blight:** Redevelopment should replace the existing conditions with an attractive and fully-tenanted building.
- Historic Preservation:** Rehabilitation of the property should be done in a way that respects and enhances the historic character of the Baldwinville Elementary School Building and surrounding area.

Process

This disposition of property is subject to the Uniform Procurement Act, MGL Chapter 30B. This Request for Proposals (RFP) offers for sale of a parcel of land consisting of three sub parcels of land, as-is, for the purposes outlined in this RFP and desired by the buyer, in conformance with all applicable zoning, use, and development regulations.

This RFP provides general information about the property, including history, zoning, and utility information, as well as submission requirements to respond to this Request for Proposals. It is the Respondent's responsibility to review and analyze physical conditions, required permits and approvals, legal considerations, and any and all Town bylaws and regulations that may impact the proposed project.

II. HISTORY

The Baldwinville Elementary School is commercial property owned and operated by the Town. The original building was destroyed in a fire December 18, 1921. The building that now stands was built in 1923 at a cost of \$97,000 and opened on November 24, 1923 and has operated as a school ever since.

III. DEMOGRAPHICS

A community comparison for FY '20 was approved and adopted at the December 19th 2018 Selectmen meeting and is included as **Appendix A**. The information below is a brief summary. Templeton had a population of 8,176 in 2016, according to the 2018-2019 MA Municipal Directory, with a slight increase from the population in 2010 (8,013) according to the 2010 Census. There has been a population change of +17.9% since 2000 to 2010 according to city-data.com.

Templeton is predominately a moderate-income community, with a median household income of \$72,707 in 2018 (compared with the Massachusetts median of \$77,518) according to the MA HomeTownLocator.

Re: Town title

Dear Carter:

You asked me to examine the title of the following parcels of land. For ease, all parcels are shown on the Assessor's map, attached hereto as "Exhibit A" as Parcels A, B, C and D. The results of my examination are as follows:

Parcel A: Assessor's parcel 1-4, 1-385

This parcel, also known as 16 School Street, was deeded to the Town on April 25, 1883 by Philenia Baldwin, Caroline Bryant, Martha Davenport, Lucia Proctor and Jonathan Baldwin, which deed is recorded in Book 1280, Page 51 and attached as "Exhibit B." There is no plan accompanying the conveyance, however, metes and bounds are described within the deed. There are no restrictions on this parcel.

Parcel B: Assessor's parcel 1-4, 1-384

This parcel was deeded to the Town on August 3, 1892 by James Meegan, which deed is recorded in Book 1390, Page 393 and attached as "Exhibit C." There is no plan accompanying the conveyance, however, metes and bounds are described within the deed. This deed contains a ROW to Assessor's parcels 1-4, 1-381 and 1-4, 1-382: "Reserving the right of way along the northerly side of said lot, to cross and recross the same to the land of the grantor lying on the North and East of said lot." In my opinion, the Town may relocate the right of way on this parcel as long as said relocation does not materially change the owner's ability to use parcels 1-4, 1-381 and 1-4, 1-382.

Parcel C: Assessors parcel 1-4-1-383

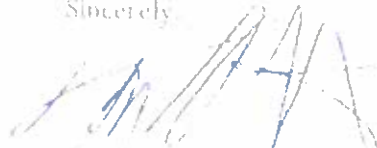

This parcel was deeded to the Town on November 15, 1956 by Frank J. O'Neil and Elizabeth Smith, which deed is recorded in Book 3832, Page 567 and attached as "Exhibit D." There is also a plan accompanying this conveyance, which is attached as "Exhibit E" and recorded in Plan Book 221, Plan 97. There are no restrictions on this parcel.

Parcel D: Assessors parcel 1-4-1-407

This parcel (the rail line parcel) was deeded to the Town on December 30, 1983 by the New England Power Company, which deed is recorded in Book 8041, Page 57 and attached as "Exhibit F." There is also a plan accompanying this conveyance, which is attached as "Exhibit G" and recorded in Plan Book 331, Plan 52. There are no restrictions on this parcel.
